Taylorleds

WU PRO SERIES 1.9MM

PITTSBURGH, PA - Take a glimpse into the North American headquarters of Covestro, where their welcome center and cafeteria are illuminated by our Taylorleds WU 1.9mm direct view LED wall. Measuring 10 feet wide and 5.6 feet high, this installation showcases how advanced direct view LED technology can seamlessly integrate into corporate environments. Beyond effectively presenting products and services, the display reinforces Covestro's corporate identity, values, and mission. The WU panels are known for their superior image quality, featuring high resolution and vibrant color accuracy, making them perfect for creating impactful and dynamic visual experiences in any setting.
