INTEGRATION

WU PRO SERIES 1.9MM

PHILADELPHIA, PA - The installation at Ensemble Navy Yard is a state-of-the-art Taylorleds WU 1.9mm video wall with a resolution of 2240 x 1260 pixels. This display, equipped with advanced NovaStar Technology graphics cards and controllers, delivers crystal-clear images, deep contrast, and seamless grayscale performance at a high refresh rate. It exemplifies the essence of visual storytelling, providing an immersive viewing experience from every angle and in every shot.

We extend our sincere appreciation to our integration partners at Clair Global for their exceptional work in realizing this vision.
