WS PRO SERIES 2.6MM

LAS VEGAS, NV - The Strat Theater in Las Vegas now features a cutting-edge installation of WS model 2.6mm LED panels. This exceptional project, executed in partnership with Spi Entertainment, showcases the panels' ability to deliver unparalleled visual quality and immersive experiences. The LED panels seamlessly wrap around the stage, creating a dynamic and captivating environment that elevates every performance.

The WS panels are renowned for their high resolution, vibrant color accuracy, and flexible design, making them the perfect choice for a premier entertainment venue like The Strat Theater. This installation not only enhances the visual impact of every show but also underscores the innovative potential of our LED display solutions. Through this collaboration, The Strat Theater has been transformed into a cutting-edge venue that sets a new standard for live entertainment.
