WS PRO SERIES 2.6MM

SCHOFIELD, WI - The Greenheck Turner Community Center features two Taylorleds WS 2.6mm direct view video walls with a resolution of 2304 x 1152 pixels, these state-of-the-art displays are nestled within the \$35 million, 135,000 sq ft community center. Designed for all—from youth to seniors—these LED displays illuminate a facility that serves as a multifunctional tool for scoring, messaging, and advertising, enhancing the spectator experience at this remarkable venue.

We extend our sincere appreciation to our integration partners at Audio Architects.
